IMPORTANT NOTE

For those in the United States, make sure that you choose U.S. Letter size, then in the scaling options for printing, enter 100% or select the actual-size option. Do not adjust to fit the size as that will distort the scale of your templates. When ready, click Print.

INSTRUCTIONS D'IMPRESSION • PRINTING INSTRUCTIONS

Cliquez sur **FICHIER > IMPRIMER** ou sur l'icône pour accéder aux paramètres d'impression de vos gabarits. Sélectionnez ensuite le **format papier A4**. Dans les options de **mise à l'échelle**, saisissez **100 %** ou sélectionner **l'option taille réelle**. N'ajuster jamais la page car cela déformera l'échelle de vos gabarits. Lorsque vous êtes prêt, cliquez sur **Imprimer**.

*Click on **FILE > PRINT** or on an icon to get to the print parameters of your templates. Then choose **A4 paper size**. In the **scaling options**, enter **100%** or choose **the actual-size option**. Do not adjust to fit the size as that will distort the scale of your templates. When ready, click **Print**.*

Pour vous assurer que votre gabarit a été imprimé correctement, mesurez ce carré sur les pages à l'aide d'une règle. Si la mesure est correcte, votre gabarit est imprimé à la perfection et vous êtes prêt à commencer votre travail.

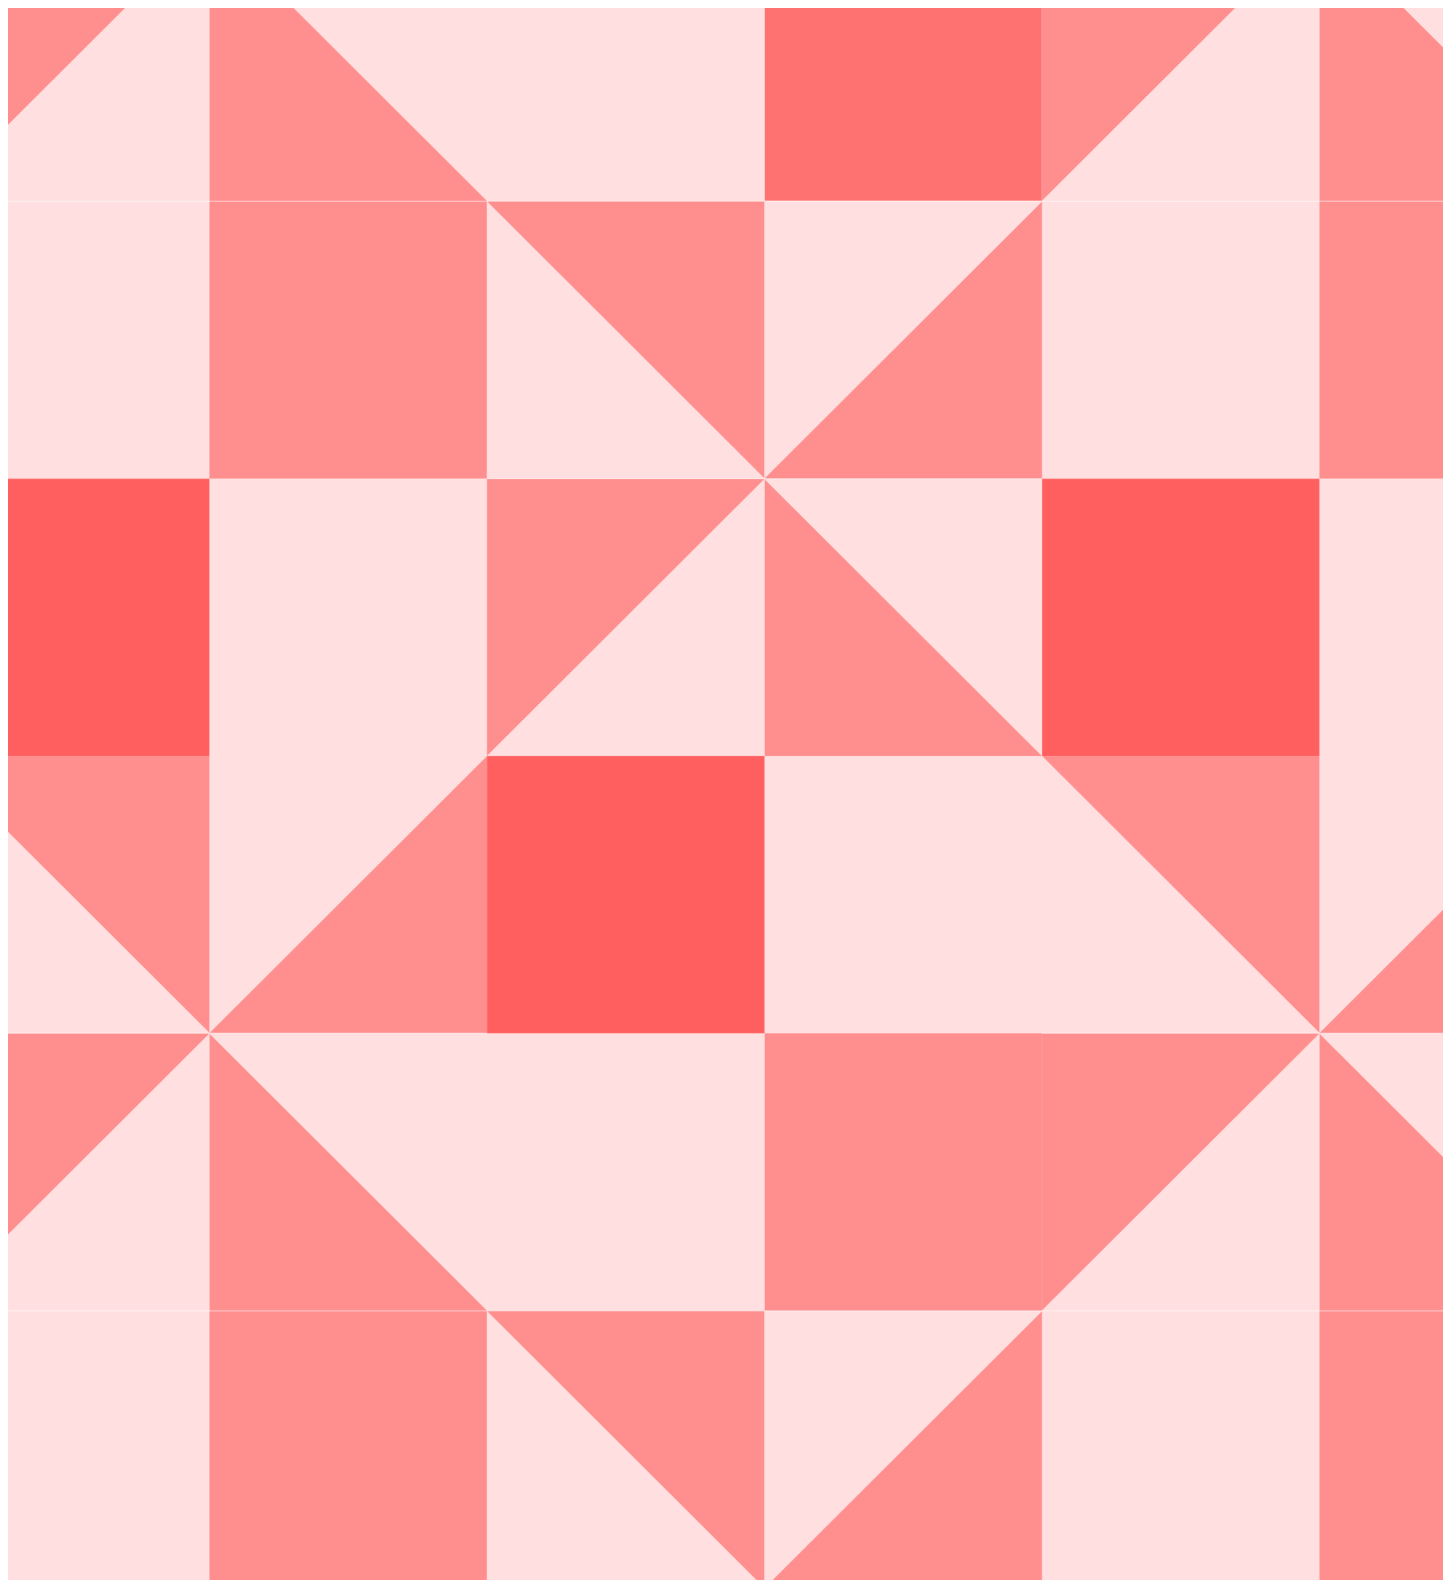

To make sure that your template was correctly printed, use a ruler to measure this square on the pages. If the measurement is correct, your template was accurately printed and you are ready to begin working.
